

Prior Informed Consent

The UNDP Accelerator Lab maps the solutions and/or innovations for/from grassroots, design experiments to test ideas and explore opportunities for policy and institutional change. The UNDP Accelerator Labs try to encourage the exchange of knowledge, solutions and ideas among the innovators and the concerned stakeholders including policy makers within the country but also across the globe to support achieving the Sustainable Development Goals (SDGs).

It is necessary for the UNDP Accelerator Lab to obtain written consent (or video authorization) to document your contact details and the solution in a global Solution Platform and potentially share these with interested third party/ies, including other innovators and communities. Signing this form will allow the UNDP Accelerator Lab to document and share the solution.

No.	Description																														
About you																															
1	Does UNDP have consent to document your contact details and the solution for our global Solution Mapping Platform? Link: https://undphqexoacclabsapp01.azurewebsites.net Please chose: ☒ Yes ☐ No

5	Do we have your consent to share details of the solution with interested third party/ies, including public-, private sector and other innovators and communities? Please chose whom we can share with (tick all that apply): ☒ Across UN System and relevant public sector entities ☒ Interested third party/ies, including other innovators and communities
About your solution	
6	What is the solution? Please provide a brief explanation. Title: The world's first subsea monitoring platform powered by machine learning Date: May 18, 2023 Content: Bluemvmt changes the price/performance curve in the marine monitoring industry by providing a cost-effective hardware/software solution that combines an innovative subsea monitoring platform (SMP) allowing Autonomous Underwater Vehicles (AUVs) to dock and upload data and recharge without needing to resurface. The data collected from the large array of sensors, hydrophones, acoustic modems, and cameras are uploaded in real-time to our Blue/AI Cloud. Our software measures, tracks and reports on Land, Sea and Sky sensor streams and correlates them. Our unique business model reduces their total cost of ownership for our customers over time through a unique revenue sharing program.
7	Do you hold a copyright patent or trademark connected to this solution issued by relevant authorities in the country? ☐ Yes ☐ No ☒ Unknown – elements of the Blue/AI software have been granted provisional patents in a different application – so we will be reapplying for patent protection specific to this subsea application. If YES, please state: ▪ Type of IP: ▪ Date of issuance: ▪ Issuing Authority: If NO: is this solution subject to licenses of creative commons? ☐ Yes ☐ No ☒ X Unknown Please confirm that to the best of your knowledge this solution does not infringe any other intellectual property rights of third parties. ☒ Confirm

	☐ Do not confirm
8	Do we have your consent to take photographs, videos, and other audio-visual formats as appropriate to document the solution? Please chose: ☒ Yes ☐ No
Acknowledgment	
9	Please confirm that you understand that documenting and sharing your contact details and the solution does not indicate or imply any financial commitments or offers from UNDP, nor is UNDP liable for any financial agreements and/or obligations you may enter yourself with relevant third party/ies. Please chose: ☒ Confirm ☐ Do not confirm

Authorization:

I/We have understood /read all the choices given in the prior informed consent form. We have been fully informed of the implications of saying “yes” or “no” under different choices. I/We assure the UNDP Accelerator Lab that all the information provided is correct to the best of our knowledge. I/We understand that we are accountable and responsible for the solution and that I/We will not and cannot hold UNDP responsible for any potential (collective) claims, monetary and non-monetary, that may arise through its sharing and usage.

Date: May 18, 2023

Signature of innovator (main representative)
